I am okay with the QASP-I concur with Gary's suggestion. In addition I would like us to sample the Houma surface water intake that was sampled during the 1996 ESI, 2.5 miles downstream of the PPE.

Jeff:

Can we add one sample locattion north of DSE-09/ East of DSE-06 (along the line of the sample locations along the Bayou)? Everything else looks good to me.

Brenda:

Please take a quick look at the QASP.

Thanks

Here's the final version of the QASP along with the Figures. I spoke with Denece and she said it should be uploaded to TeamLink pretty soon.
